

Standing core

1 point per second

Standing abdominal brace

How to do it

- 1 Stand tall with hands on your hips.
- 2 Gently tense your entire midsection without sucking your stomach in.
- 3 Imagine tightening a corset around your waist. Hold and breathe normally.

Keep in mind: Count the seconds. You should be able to talk while holding it.

Start with
20–30 sec

Works your
transverse / deep core
