

Upper body

2 points per rep

Incline push ups

How to do it

- 1 Place your hands on a sturdy raised surface (worktop, sofa arm or step), a little wider than your shoulders.
- 2 Walk your feet back until your body is one straight line.
- 3 Lower your chest to the edge, then push back up.

Keep in mind: Squeeze your stomach and glutes so your hips do not sag. A lower surface makes it harder.
